

June 18, 2013 **Brushing Specifications 2013**

Town of Winfield

Request for Bids for Brushing Town Roads - 2013

Specifications:

1. Brushing is to include both sides of road. There are some areas where no brushing is needed; that will be apparent when the road(s) are viewed prior to submitting a bid.
2. Brushing to be done 20 feet out from the edge of the blacktop.
3. Brush will be "brush hogged." The brush needs to be completely cut off, not just partially stripped off. Remaining stub height of brush/trees is 6 inches maximum above the ground. The town board would like to see the brush "stubs" as close to the ground as possible.
4. There are some larger trees in the 20 foot area to be brushed. Any tree larger than 10 inches in diameter is not to be brushed. Trees 10 inches in diameter or smaller are to be included in the brushing bid.
5. Proof of liability insurance will be provided to the town clerk before any work is started.
6. Warning signs will need to be placed on each side of the road where work is being done.
7. Each road should be kept as a separate line item bid. The Town of Winfield may choose to have some or all of the brushing work done. Additionally, the town board may choose to hire more than one contractor to do the brushing throughout the town.
8. Payment for work completed will be addressed at the monthly town board meeting. Bills need to be submitted prior to or at the meeting before 7 p.m.

Roads:

1. Biesek Road
2. Churchill Road
3. Farber Road
4. Hirst Road
5. Hoff Road
6. Wadleigh Road

Sealed bids are due on or before Tuesday, July 16, 2013, and will be opened at the town board meeting on Tuesday, July 16, 2013, after 7 p.m. The town board reserves the right to reject any and all bids.

For questions, contact Chairman Ron Churchill at 495-0822, Supervisor Kurt Mead at 963-7073, or Supervisor Jason Dorow at 415-7713.
